

Save Money, Time and Trees

Annual Return On Investment for a Thousand-Student School Using CareMonkey

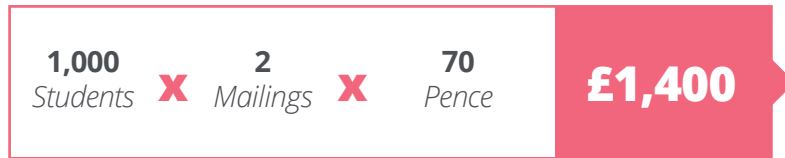

Paper

The average school prints **168 pages** per student per year.

Toner

The average ink cartridge on an industrial printer makes 2,500 copies. A 1,000 student school needs around **67 ink cartridges** throughout the year.

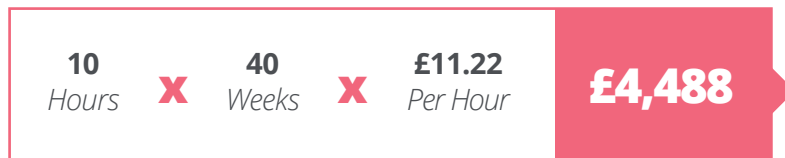

Postage

Most schools conduct **4 school-wide mail-outs** per year.

Copier Maintenance

An industrial copier can print up to **100,000 copies** per service.

Human Capital

The average school spends at least **10 hours** every week managing paperwork, including filing, distributing, mailing and tracking down forms.

Current Cost: £10,592

CareMonkey: £3,750

SAVINGS: £6,842

SAVE 20 TREES

One tree makes **16.67 reams** of copy paper, or **8,333.3 sheets**. A school with 1,000 students will destroy over **20 trees** a year.
